Statistics Overview:

As of the current booking data, we have a total of **30 rooms** in our hotel. Out of these, **12 rooms** are occupied, leaving **18 rooms** available. Among the occupied rooms, **1 Bookings** are occupied by families with children, while **3 Bookings** are booked by guests without children.

The available rooms can be assigned to new bookings, and we encourage new reservations to ensure maximum occupancy.

For the upcoming period, it is advisable to consider room adjustments based on guest preferences (e.g., whether they have children or not) to ensure a smooth check-in process.
